

Announcement for Electronic Bulletin Board

Looking for a fantastic summer experience for your student?

College for Kids at Parkland College offers an enriching experience for kids entering grades 3–8! Your child will enjoy exploring areas of interest through hands-on experiences in a fun filled environment. Classes allow students to compose music using the latest technology, learn to fly drones, create short animations, design digital artwork using Photoshop, design objects with AutoCAD or a 3D pen, learn to blog, make jewelry with metalworking techniques or design a webpage! Come join College for Kids and explore these and other great classes! To

Classes meet June 19-29 and July 10-20, Monday–Thursday, 12:45–2:45pm and/or 3:00-5:00pm on Parkland College’s main campus.

Visit www.parkland.edu/btceRegister for more to register! When registering, please first set up an account using a household profile and then select from the many exciting classes.

Questions? Call 217/353-2055 and ask for Terry Thies.
