

## CUSTODIAL SUPPLY BID QUESTIONS AND ANSWERS

- Can you provide us with the award pricing and winning vendor from the previous bid for each of the garbage can liners listed in the bid, Items No. C-42-010, 020, 030.

**There were no liners bid out last year, therefore there is no award pricing or winning vendor.**

- What color are you requesting for each of the liners?

**We will take black or clear. Doesn't matter, as long as the liners meet all bid specifications:**

**GARBAGE CAN LINERS: 20 GALLON**

20-30 Gallon Capacity. High Density Plastic.

Approximate size 30" x 36". 500/per case

Must be at least 19 MICRON.

**GARBAGE CAN LINERS: 30 GALLON**

31-33 Gallon Capacity. High Density Plastic.

Approximate size 33" x 39" 500/per case

Must be at least 19 MICRON.

**GARBAGE CAN LINERS: 44 GALLON**

40-45 Gallon Capacity. High Density Plastic.

Approximate size 40" x 48" 200/per case

Must be at least 19 MICRON.

- Can you provide us with the case weight (lbs. per case) currently being purchased for each of the can liners? Can we call FedEx at our expense and pick up a sample of each can liner? If so, please provide us with the address FedEx should go, contact name, phone number & email address, and times that FedEx can come.

**Case weight and current product on hand (samples) are not relevant as they may not meet the standards that we have requested in the current bid specifications**

- Are the quantities listed in the bid for the liners going to be a one time delivery to one location, as in the past? If not, can you tell us how the liners will be ordered: how many delivery locations are there, about how often will orders be placed (monthly, quarterly or other?) and what would be an approximate case order.

**This is for a one time delivery of all liners requested to one location.**

- Can you provide the previous award pricing per liner and the name of vendor from the last award that was made and the year it was awarded?

**See below for the liners that were awarded in previous years:**

| QUANTITY  | OUR ITEM | DESCRIPTION  | BRAND NAME   | UNIT PRICE   | TOTAL PRICE               |
|---|----------|--|--|--|---------------------------|
